

**The Faculty of Science and Medicine
of the University of Fribourg/Switzerland and the
Department of Mathematics**

invite applications for a tenured position (open rank) of a

Professor of Mathematics (95-100%)

Qualified applicants must have an outstanding track record in a field of mathematics, ideally with strong potential for applications.

The successful candidate will develop an internationally recognized competitive research program sustained by external funding. Teaching experience at university level is expected.

The University of Fribourg offers excellent working conditions and a highly competitive salary. Further details may be found on the website below.

The University of Fribourg is bilingual, French and German. Courses are generally taught in French or German, with some master's courses taught in English. Administrative languages are German and French. The ideal candidate is expected to speak French or German, or otherwise acquire the necessary language skills within a reasonable period.

The University of Fribourg provides equal opportunities for women and men and aims at achieving gender balance. Applications from women are especially welcome.

The closing date for applications is **31.10.2023**.

More information and applications exclusively via the official Faculty of Science and Medicine - University of Fribourg recruiting tool: www.unifr.ch/scimed/positions/.
